

Letter from the board of Trustees

Dear friends:

Welcome to this ambitious project in support of the most underprivileged in our world: WOMEN and their children.

Several different volunteers and people who collaborated with Isabel have decided to preserve her memory, continue her work and expand it to other continents, with the ever-present goal to promote the people.

Isabel Martín started her commitment in India seventy years ago. By chance she was warned and inspired and she felt a sharp call: “YOU CANNOT ABANDON THEM, DO SOMETHING FOR THEM”.

After her death on 17th March 2013, Isabel’s admirers and followers aim to perpetuate the values she strove for: Dignity, Justice and Equality.

Today, in this letter we seek your financial and human support in order to carry out such a daunting task.

The Board of Trustees.
